How to buy MP3 CD Burn Magic

As soon as you make your order, our resellers will verify it. Your order will most likely be processed within 1 hour, but in some VERY rare cases it may take resellers more than 24 hours to process your payment.

The registration key will be automatically generated at our server and e-mailed to you immediately after we receive payment confirmation from our e-commerce reseller.

Please do not worry if you haven't received the registration information right away. Delays usually occur due to the high security settings of spam filters used by our clients. Our message may be rejected as a spam message by the mail service you use.

If you haven't got the registration message within several hours, feel free to contact our Support Team via email.

If you have questions concerning our software, please send e-mail to: support@mp3editmagic.com. **We always do our best to help you!**

How to burn?

Let's start burning files step by step:
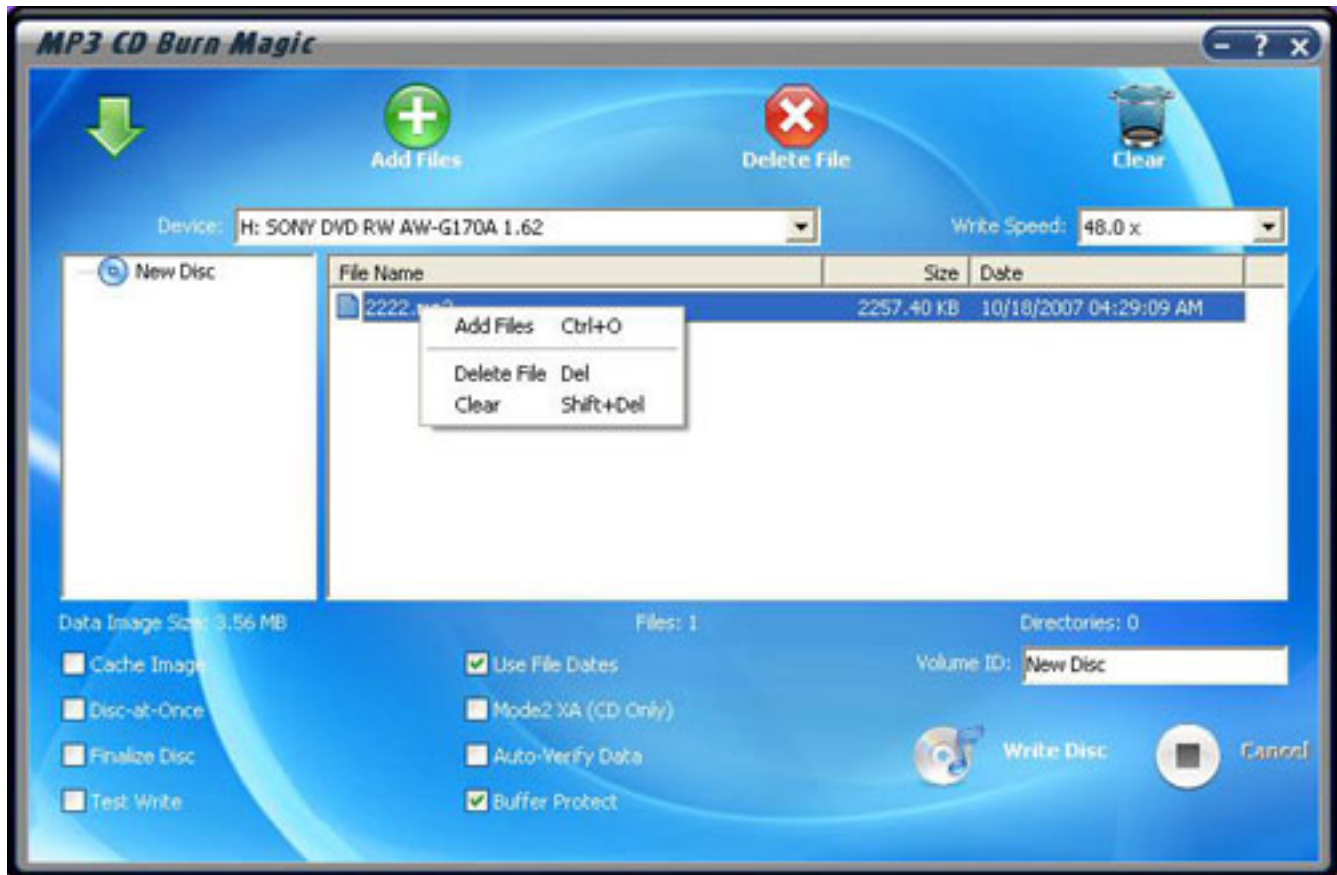

🔹 **Add/ Delete Files**

Click "**Add Files**" button (or right-click existing files in the two files list), add audio files to the list.

Select listed files, click **Delete File (Del)** to delete selected file(s), and click **Clear** to delete all listed files.

🔹 **Burning Setting**

Device: Select desired writing device.

Write Speed: Select writing speed.

Write Option: Eight options available. Just check the boxes to perform corresponding operations when writing.

• **Cache File Local** -- Check the box to cache your files prior to writing.

• **Disc-at-once**-- Check the box to perform DAO mode when burning; uncheck the box to perform TAO mode when burning.

awTAO: Disc is written in Track-at-Once mode and disc is Closed

awDAO: Disc is written in any valid Disc-at-Once mode and disc is finalized (closed).

• **Test mode** -- Check the box to make the writing process in Test mode.

• **Finalize Disc**-- Check the box to close/finalize the disc. (Ignored for Disc-at-Once)

• **Use File Dates**-- Check the box to use today's date or the last modification. A Data item's date can also be altered directly.

• **Mode2 XA (CD Only)**-- Check the box to enable/disable Mode2XA. (Advanced)

• **Auto Verify Data**-- Check the box to verify files before burning.

• **Buffer protect** --Check the box to set the buffer protection.

🔴 **Burning**

Click "**Write Disc**" to start burning task.

How to proceed
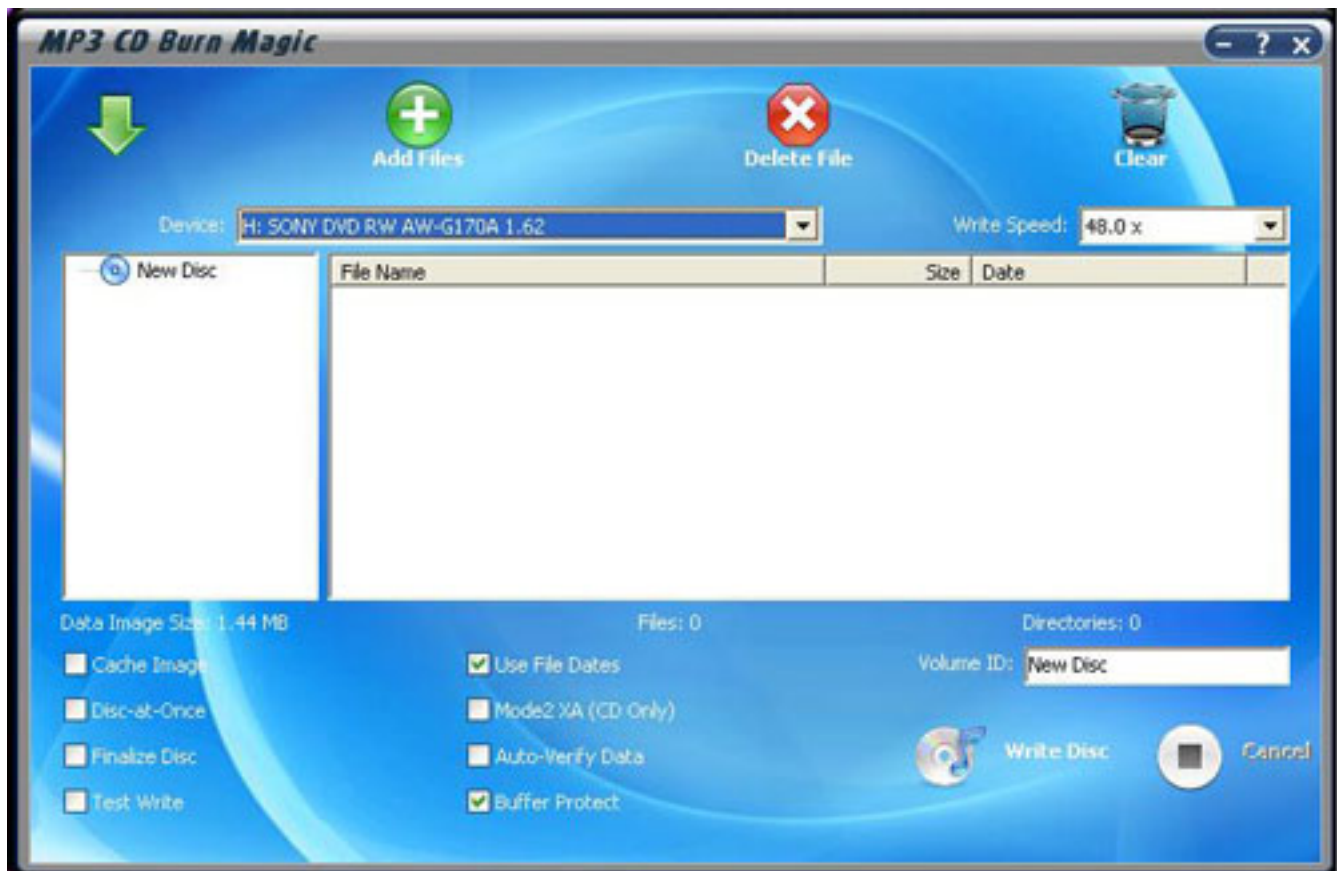

🔴 **Move Down Icon**: Select operation of burning process in the pop up dialog:

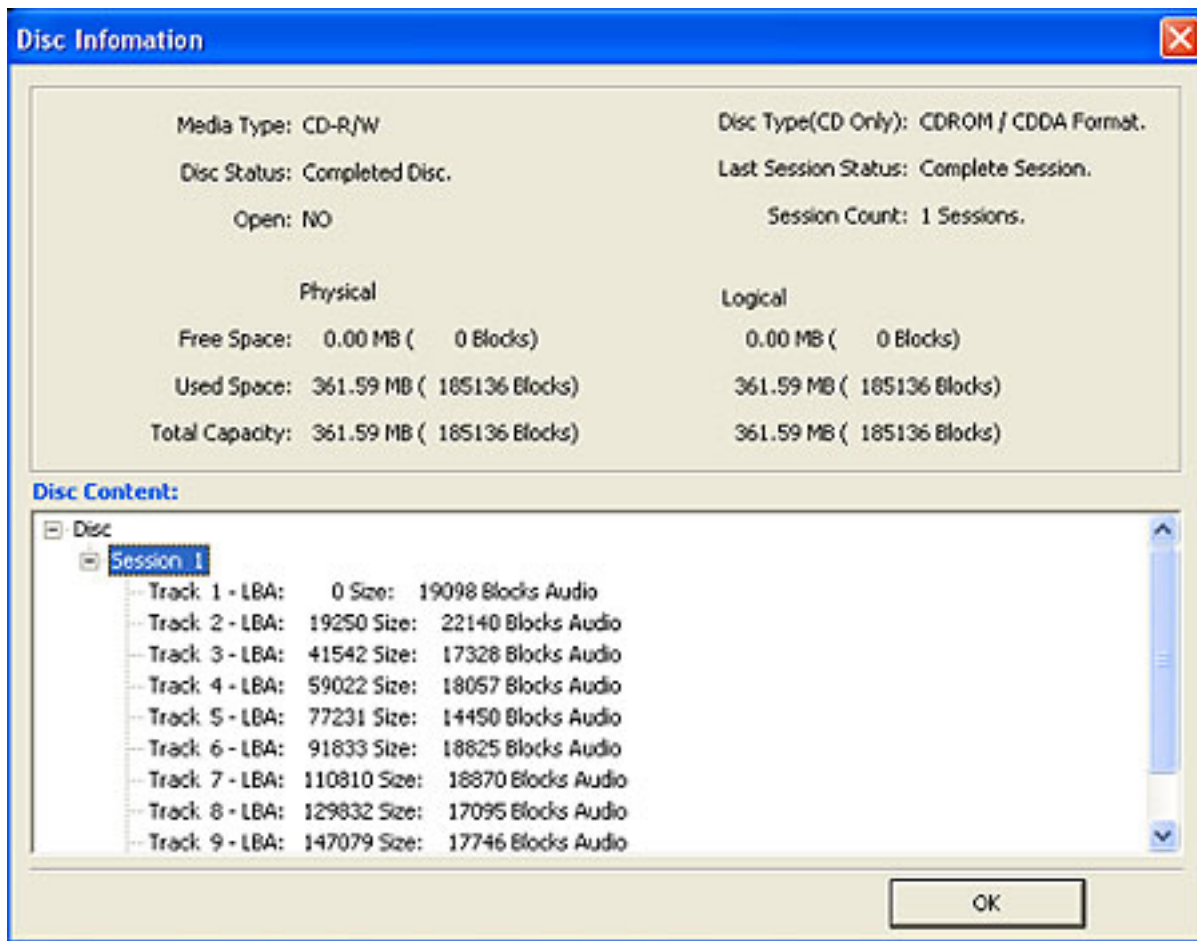

Save Image As ISO File: Save current listed files as ISO file.

ℹ️ Hypothetical CD-ROM is required if you are able to open all ISO files.

Write Disc From ISO File: Write ISO files.

Disc Information: Display detailed information of the disc:

Click on the question in the list below, to jump directly to the answer:

[What audio formats are supports?](#)

[Is the online order secure?](#)

[What is Disc-At-Once?](#)

[How many songs can be added?](#)

[How to install MP3 CD Burn Magic?](#)

[What's the system requirements?](#)

Q: **What are the supported audio formats?**

A: MP3 CD Burn Magic supports MP3, ISO files.

[TOP](#)

Q: **Is the online order secure?**

A: Yes, we use the online ordering services provided by Element5, which is a famous leading shareware ordering service company. You can click [here](#) to get more information.

[TOP](#)

Q: **What is Disc-At-Once?**

A: DAO is a method of writing CDs in which one or more tracks are written in a single operation, and the CD is closed, without ever turning off the writing laser. MP3 CD burner writes MP3 in DAO mode, it is supported automatically.

Q: **How many songs can be added?**

A: MP3 CD Burn Magic has not limit the quantity of song can be added, but depends on the hard disc size you inserted.

Q: **How to install MP3 CD Burn Magic?**

A: Before the installation, please see System Requirements first to make sure that your PC meets the conditions. Find the setup package you have downloaded from the website. It's an exe file, double click it to run it, then follow the prompts to finish the installation procedure. After the installation, there is a shortcut created on the desktop and under the programs group, see it from "Start > All Programs > MP3 CD Burn Magic.

Q: **What're the system requirements?**

A: To use MP3 CD Burn Magic, your computer must meet the following conditions:
• A CDs burner.
• Intel or AMD or compatible processors at 1000 MHz minimum
• RAM 128 megabytes (MB)
• Minimum 100 MB of free hard disk space
• Administrative permissions are required
• Sound Card

MP3 format

MP3 files contain perceptually encoded sound data.

The frequencies that humans cannot perceive are removed, although some audio purists say they can tell the difference between a high bit-rate MP3 and a Wave file.

A typical MP3 is 10 times smaller than an equivalent WAV file.

MP3 files usually end with mp3, mp1 or mp2 file extensions.

.MP3
.MP2
